In the following tables (A–B–C), the following information is included:

Table A: fares for travel passes with the discount applied by the company.

Table B: fares for travel passes resulting from applying the public transport subsidy granted by public administrations (Provincial Councils and Central Government) in addition to the company discount. In the case of the red pass and the 60-trip pass, the subsidy is 40%, and for the green pass it is 50%. This is the fare to be paid by the passenger. In the case of the quarterly pass (red and green), the subsidy has been applied only to one month (December 2025) and not to January and February 2026, pending the extension of the subsidy beyond 31/12/2025.

Table C: contains two columns. The first shows the estimated fare of the quarterly pass (red and green) resulting from applying the public transport subsidy to the entire quarterly pass (3 months), in accordance with the current Royal Decree 1/2025. The second column shows the estimated amount to be refunded by the company to passengers who purchased the quarterly pass in November 2025 and December 2025 for the December–January–February period. These amounts are estimated and subject to confirmation of the subsidy extension from **January 2026**.

Handling fees:

- a. No handling fees are applied to the purchase of the pass.
- b. Five cancellations per month are fee-free for monthly passes and 60-ride passes.
- c. List of handling fees attributable from the sixth cancellation:

	Every cancellation /changes	Handling fees from the sixth cancellation		
		> 2 hours & <24 hours	> 24 hours & < 48 hours	> 48 hours
Bidaide / 60 trip bus passes	< 2 hours			
Tickets cancellations/changes	Not possible	30%	20%	10%

How do I choose my pass?

A. Should I choose the 60-trip pass or the monthly or quarterly Bidaide pass?

- i. All travel passes, including the 60-trip pass and Bidaide passes, are personal and non-transferable; their use is restricted to the pass holder.
- ii. **The 60-trip pass expires after 3 months from the purchase made in January 2026.** The monthly pass is valid for one calendar month, and the quarterly pass expires after 3 months.
- iii. The Bidaide Red Pass, for persons over 27 years of age, is valid from Monday to Sunday, including public holidays, when there are scheduled services on the line corresponding to the pass. It includes two trips per day.
- iv. The Bidaide Green Pass, for persons under 26 years of age, is valid from Monday to Friday on working days. It includes two trips per day.
- v. The 60-trip pass, with a validity of 3 months from the date of purchase made in January 2026, is valid from Monday to Sunday, including public holidays.
- vi. All passes are digital. They are purchased through the APP Launion-Laburundesa and used in digital format.
- vii. In all cases, the large family discount applies: 20% (general category) or 50% (special category).

B. Choose a line or route. When you choose a line, you can travel on that line's timetable. You can choose between:

- i. Bilbao>Vitoria-Gasteiz (autopista).
- ii. Bilbao>Vitoria-Gasteiz through Arratia
- iii. Vitoria-Gasteiz> Bilbao>Leioa/UPV/EHU
- iv. Gallarta>Vitoria-Gasteiz
- v. Algorta>Vitoria-Gasteiz.
- vi. Bilbao>Vitoria-Gasteiz por Arratia.
- vii. Murgia (Amézaga and Murgia) destination Bilbao (Intermodal/Deusto/Sarriko) and Leioa/EHU
- viii. Multi-line format: includes the timetables and all routes of the above lines.

C. With the Monthly or Quarterly Bidaide Pass. I choose the Red or Green category based on my age. The Green pass is for passengers up to 26 years old. The Red pass is for passengers over 26 years old.

D. With the Monthly or Quarterly Bidaide Pass, I choose the period: Monthly (calendar month) or Quarterly (defined period). The defined periods for the quarterly pass are: September–October–November, December–January–February, March–April–May, or June–July–August. The 60-trip pass is valid for four months from the date of purchase.

E. How do I purchase my ALU discount pass?

- a. On the LaUnion-LaBurundesa APP or www.autobuseslaunion.com. Virtual bus pass user's manual.
- b. Pass purchase or issuance fees not included.
- c. Purchasing for the first time. Important: Follow the instructions on the platform under 'Register' to sign up for the app by filling in all the fields. Send documentation to the company in the following cases: 1) under 30 years of age, 2) over 65 years of age, or 3) to apply large family discounts. Once the documentation for these discounts has been sent to the company and the photograph has been validated, the company will activate the discount purchase option within a maximum of 24 hours.
- d. Payment by bank card or Bizum.
- e. For subsequent purchases, top up your current pass or select a new one.

F. How do I travel with a MONTHLY or QUARTERLY BIDAIDE PASS

Once the pass has been purchased, the passenger must use the digital platform to choose the day, time and route on which they will travel. This selection will generate a ticket with a QR code that must be scanned when getting on the bus.

If you wish to change the time, day and date of your chosen journey, you must cancel the ticket and choose a new one. In these cases, handling fees will be applied.

G. How do I cancel a monthly or quarterly pass (Bidaide) before the end of its validity period?

First, notify the company via bonos@autobuselaunion.com, and they will deduct the price of two single tickets for each day of the pass's validity period that the user has been able to use, regardless of whether they have done so or not, including the day the pass is returned.

The amount to be refunded will be paid into the bank account or bank card used to make the payment. If the period of use of the pass has not started, the passenger can directly cancel the pass from the virtual pass platform, using the "recharge-cancel" option.

H. How do I cancel a 60-trip pass.

You can cancel any pass that has not been used for any trips. In this case, the cancellation is managed by the traveller directly from the virtual pass platform (recharge-cancel option).

I. Fraudulent use of the pass will result in it being void and cancelled by the company.
